INTRODUCTION

Use this guide in order to replace a damaged/drained battery in your BLU Studio 5.0 II. Phone must be turned off before starting to replace the battery.

Step 1 — Battery

⚠ Turn off your phone before disassembling the device.

- Locate the small opening on the bottom corner of the back case.

Step 2

- Use your finger to open the back case by slowly pulling it on the open slot.
- Once the case is lifted on the corner, slide your finger along the edge of the phone to remove the rest of the case.

Step 3

- Locate the opening slot at the bottom of the battery.
- Use your finger to lift the battery and remove it from the case.

To reassemble your device, follow these instructions in reverse order.
